Jeff,

I would like to take this opportunity to say again what an excellent Training Seminar that you put on for us. I have had numerous phone calls & e-mails attesting to the fact, everyone came away with some very valuable information. I received comments such as "this was the best course that I have attended in some time", "I came out of this course with a much better understanding of what makes people work" and "I wish that everyone that I work with were able to attend".

Thanks again for coming on-site and providing this training for Crestbrook. It was a very valuable learning experience.

Sincerely,

Holly Thygesen
Training Center Assistant

PS. Thanks for the Tape Album, "How to Manage Multiple Priorities". I haven't had a chance to listen to it yet, but I hope to soon and then I will be putting it in our Resource Library.
